

California OES Weather Threat Briefing

Tuesday, April 16, 2019
9:00 AM PST

Day 1: Minor impacts from snow across the Sierras and wind Inland/Southern CA

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

04/16/19 - 04/22/19

Tuesday

- Snow will be ending late this morning across the Sierra Nevada Mountains
- Winds of 25 to 35 mph with gusts to 50 mph across inland and southern California will bring the potential for downed limbs, trees, and power lines through this evening.

Wednesday-Friday

- Increased temperatures midweek will begin to melt snowpack and will likely lead to rises in rivers and streams. No flooding impacts expected at this time.
- Dry conditions and offshore flow are expected with temperatures 10 to 15 degrees above normal.

Saturday-Monday

- Winds will increase this weekend across California, bringing the potential for downed limbs, trees, and power lines.
